The week 9 Software Engineering Group (PG4) Project weekly meeting will be held in **Room 4.62 (Ingkarni Wardli)** at **10:40am on Tuesday 4th October 2016**.

Agenda

Chair: Tao Zhang

1 Apologies

- none

2 Present

- Tao Zhang

- Yi Lin

- Yuan Liang

- Lili Wu

- Zeqi Fu

- Navdeep Singh

- Yann Frizenschaf

3 Status update

Yann will provide a brief update on the progress of the SDD.

4 Milestone Demo

Tao will demonstrate the following functionality, as agreed in the previous milestone freeze, and explain the rationale behind certain design decisions:

- Robot move-to-point mode.

- Robot autonomous mode.

- Display of mapped objects on the GUI.

5 Ongoing work

Development of the following functionality is in progress:

- Parsing of XML files to map data and vice-versa

- Automated test suite (unit tests)

Other, non-development work:

- Creation of test procedures for final demo

6 Other Issues

Nil.

The next meeting is to be held in **Room 4.62 (Ingkarni Wardli)** at **10:40am on Tuesday 11th October 2016**.
